|----|---|----------|
| 1  | CRT, which Zenith used to buy from Toshiba.     |          |
| 2  | Q And do you recall buying CRTs from Toshiba    |          |
| 3  | in 1999?  |          |
| 4  | A In 1999 I got out of Zenith, so I cannot      |          |
| 5  | tell. But before, we bought from.               | 10:22:13 |
| 6  | Q When did you leave Zenith in 1999?            |          |
| 7  | A End of '98 I left.                            |          |
| 8  | Q And where did you go?                         |          |
| 9  | A LG back to LG Electronics. At that time       |          |
| 10 | I was transferred to the appliance OEM division | 10:22:28 |
| 11 | located in Chicago area.                        |          |
| 12 | Q Who informed you of your transfer out of      |          |
| 13 | Zenith?   |          |
| 14 | A Michael Ahn notified me that I'm being        |          |
| 15 | transferred out of Zenith.                      | 10:22:49 |
| 16 | Q And would that have come from above him at    |          |
| 17 | LG, from Mr. Cho or from Mr. Koo?               |          |
| 18 | A Yeah.   |          |
| 19 | MR. ESTRADA: Objection; calls for               |          |
| 20 | speculation.                                    | 10:23:00 |
| 21 | THE WITNESS: Executive level movement is        |          |
| 22 | always reported and approved by CEO.            |          |
| 23 | BY MR. RANDALL:                                 |          |
| 24 | Q And did you know whether Mr. Koo approved     |          |
| 25 | that transfer for you in 1998, 1999?            | 10:23:10 |

800-726-7007 305-376-8800

|    | P  | age 134  |
|----|--|----------|
| 1  | Q Could LG headquarters tell you what price          |          |
| 2  | to set for a Zenith CRT-based television?            |          |
| 3  | A They they cannot, because I have to                |          |
| 4  | be clear. We we might be a little bit confused.      |          |
| 5  | When I was doing the sales-related job in            | 14:02:59 |
| 6  | 2001, 2000, Zenith stopped manufacturing TV sales    |          |
| 7  | TV product and Zenith outsourced its TV product.     |          |
| 8  | So I have to make if I have to sell TV               |          |
| 9  | at a certain price, and if it the loss is too        |          |
| 10 | big, then I would rather reduce the volume or        | 14:03:33 |
| 11 | renegotiate with the outsourcing factory to cut the  |          |
| 12 | cost down.   |          |
| 13 | If they cannot cut the cost down, then I             |          |
| 14 | would probably reduce the volume to reduce the limit |          |
| 15 | of the loss to to make my business plan P&L, not     | 14:03:51 |
| 16 | target.  |          |
| 17 | Q Let me ask you about that, because you             |          |
| 18 | mentioned when you went back to Zenith in 2000       |          |
| 19 | A Uh-hmm.  |          |
| 20 | Q Zenith was no longer making its own                | 14:04:03 |
| 21 | tubes; is that right?                                |          |
| 22 | A Right.   |          |
| 23 | Q So at that point Zenith was outsourcing the        |          |
| 24 | making of televisions, CRT-based televisions         |          |
| 25 | A Uh-hmm.  | 14:04:14 |

|    | Page 135   |
|----|--|
| 1  | Q and the tubes that would go into those                     |
| 2  | CRT-based televisions; is that right?                        |
| 3  | A Uh-hmm.  |
| 4  | Q Before that point in time Zenith was making                |
| 5  | its own tubes 14:04:23                                       |
| 6  | A Yes.   |
| 7  | Q is that right?   |
| 8  | And I think you testified that there was a                   |
| 9  | certain percentage of large size tubes, 32-inch,             |
| 10 | 36-inch, that were made by Toshiba. 14:04:34                 |
| 11 | A Yes, I recall that.  |
| 12 | Q Was that a major percentage of the                         |
| 13 | CRT-based televisions sold by Zenith?                        |
| 14 | A No. As you have seen in the exhibit in the                 |
| 15 | past, it was like target quantity was like a 14:04:45        |
| 16 | hundred thousand units of 32-inch and 40,000 units           |
| 17 | in the 36-inch.  |
| 18 | Generally the target quantity is the                         |
| 19 | optimistic number, right? So the actual production           |
| 20 | per year must have been smaller than that. And that 14:05:06 |
| 21 | number is a very small portion of Zenith's total             |
| 22 | business volume. Very small portion.                         |
| 23 | Q When you say "very small portion," what                    |
| 24 | percentage would you put as an estimate?                     |
| 25 | A Estimate, less than ten percent, I should 14:05:20         |

|    | Page 136  |
|----|---|
| 1  | say.  |
| 2  | Q Now, after the point when you came back in                  |
| 3  | 2000, Zenith was no longer making its own tubes and           |
| 4  | they were outsourcing that production.                        |
| 5  | A Uh-hmm. 14:05:37  |
| 6  | Q Where, geographically speaking, did they                    |
| 7  | outsource their production?                                   |
| 8  | A In North America, either mostly in                          |
| 9  | Mexico border area, U.S./Mexico border area.                  |
| 10 | Q Why was it important that the outsourcing 14:05:53          |
| 11 | happen in North America?                                      |
| 12 | A The biggest reason was the NAFTA tariff.                    |
| 13 | NAFTA imposed import duty of five percent for every           |
| 14 | TV set we are importing out of North Ameri North              |
| 15 | American territory. 14:06:16                                  |
| 16 | And, as I told you, in this                                   |
| 17 | highly-competitive TV market where operating budget           |
| 18 | is so thin, five percent gap is a very big                    |
| 19 | disadvantage. And also TV price is always eroding.            |
| 20 | But if you buy from offshore, from Far East, Asia, 14:06:36   |
| 21 | you have longer lead time, meaning you have a higher          |
| 22 | risk of price erosion longer than other people and            |
| 23 | also shipping cost addition.                                  |
| 24 | So all the economy reasons dictate                            |
| 25 | almost dictate you buy from North American facility. 14:06:53 |
